

OPPOSE RACISM AT FAIRFAX

Since this semester many Black students have been defending themselves against racist attacks. Many Black students have been transferred to other schools for actions that normally wouldn't receive such harsh punishment.

For example, a white student, Harold Greenberg, stands out as having instigated more fights with black and white students and hasn't been reprimanded. On the other hand about 15 black students throughout the semester have been kicked out for defending themselves against racist attacks like his.

Friday before vacation Fairfax was under police surveillance. The only way cops can get on campus is if the administration orders them.

WE DEMAND:

1. NO COPS IN ANY FORM ON CAMPUS. No cops, narcs, lunch guards, plainclothesmen, kiddy cops, rent-a-pigs, etc. These people are here to oppress us through breaking up demonstrations and enforcing administrative policies on students.
2. RIGHT TO SELF-DEFENSE. Students, individuals or groups, should be able to defend themselves from attack.
3. STUDENTS SHOULD BE ABLE TO GET RID OF RACIST OR INSENSITIVE TEACHERS OR ADMINISTRATORS. For example, Mr. Cheetham has unfairly suspended 10 black students and has been insensitive to all students in general. Miss Weiskopf has discouraged students from taking Afro-American history and has harassed Black students and student leaders.

All interested students come to a joint BSU-SDS meeting in Room 227 at lunch on Wednesday, January 8, 1969.
